Regulated activity 1	Accommodation for persons who require Nursing or Personal Care
<p>Services</p> <p><i>What services, care and/or treatment do you provide for this regulated activity? (For example GP, dentist, acute hospital, care home with nursing, sheltered housing)</i></p>	<p>At Beech House we aim to provide the highest quality of holistic residential care within a homely and family-structured environment. The central focus of our caring is to promote the wellbeing and fulfillment of our residents in a trusting relationship. We believe our Residents, their relatives and friends should be informed partners in the provision of this care and that their beliefs and wishes should be respected and valued.</p> <p>Generally, admissions to the home are planned in advance to ensure the most appropriate care provision from the day of arrival. We prefer not to accept emergency admissions, but there may be occasions when this occurs. Our current procedures ensure the minimum disruption to existing Residents.</p> <p>We are not registered to provide nursing care. Residents requiring any nursing interventions have this arranged by us through local district nursing services, and any other relevant healthcare professionals.</p> <p>Medical treatment is provided by our local Group Practice for the majority of the residents but people may retain the GP of their choice if this is agreeable to both parties.</p>
