Excellence in  
Dementia Care

## About Beech House

Beech House Care Home is located in the village of Binfield, which is to the north of Bracknell and Wokingham in Berkshire.

It has been owned since 2008 by Haven Care Home Management who have continually invested heavily to create a beautifully furnished care home for up to 34 people aged 65 or over, living with dementia.

The home provides high quality 24-hour care in comfortable and friendly surroundings.

Food is home cooked with a varied menu, and a choice at each meal.

Life at Beech House is enhanced with a variety of activities, both in the home and outdoors.

Read on to find out more about Beech House care home.

### People Say The Nicest Things

*“Beech House care home is a well and truly excellent place.*

*My mother has been in there for over a year and she is very happy”*

*Daughter of Resident*

Our communal areas include the main lounge where residents can spend their time just relaxing, undertaking activities, or being entertained. There are also small quieter communal areas around the home which can be used as a meeting place when families and friends visit.

Beech House boasts an amazing enclosed rear garden. It is spacious and includes a large decking area that has garden tables and chairs with parasols to provide shade. The area is well populated with potted plants and flowers.

The garden is used for basic outdoor relaxation, activities and we have many garden parties to celebrate major events and resident's birthdays.

All rooms are furnished to the highest standard, and in addition to the comfortable bed with bedside table, there is an armchair, wardrobe, chest of drawers and colour TV. There is a call bell for a resident to use when assistance is required.

Every room can be enhanced and made more homely with the resident's personal effects, and the front doors are of different colours, and with personalised nameplates so residents find it easier to locate their room.

We have 32 single rooms plus a twin room to accommodate a couple. Some of our rooms have en suite facilities, four with walk in showers.

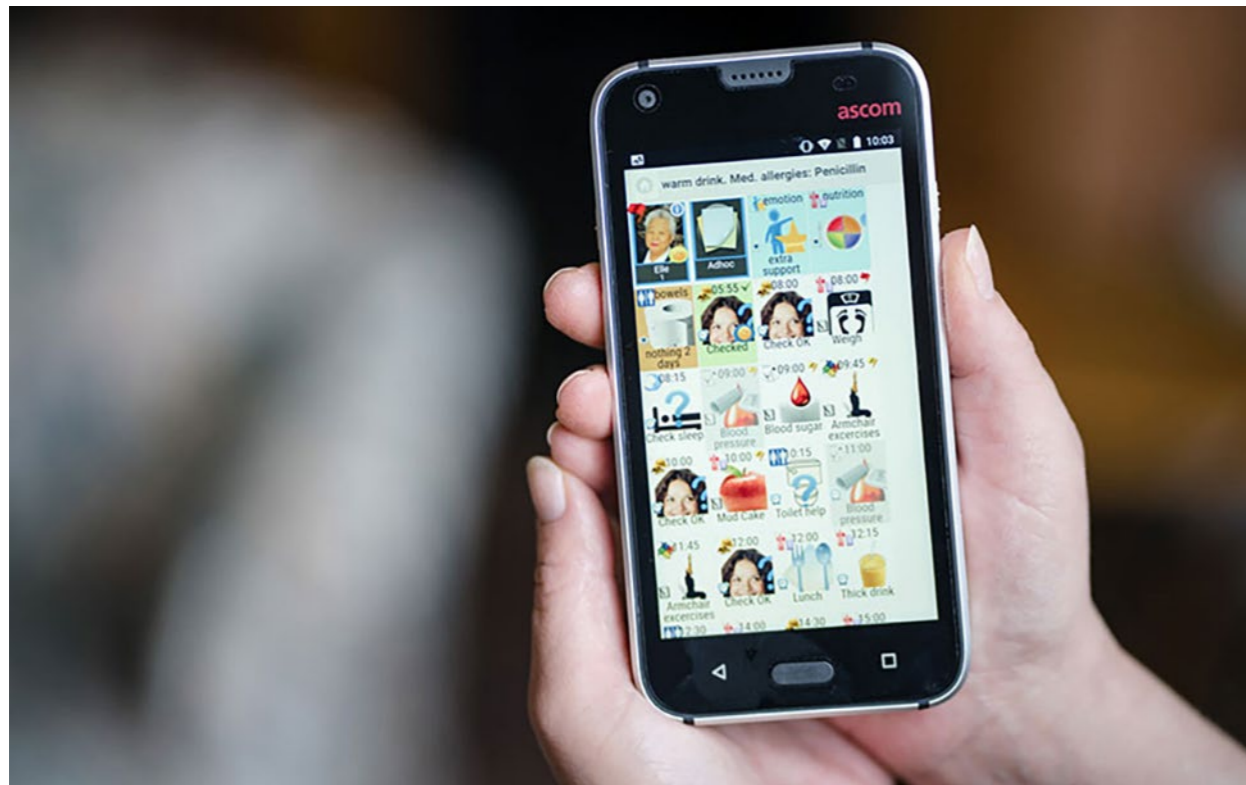

Dining is not just about eating food, although nutrition is very important, especially for those living with dementia. It is also a social occasion, so we endeavour to make it exactly that. In addition to the main dining room residents can also choose to eat in the lounge, or in their own room.

All our meals are freshly prepared and cooked on site by our kitchen team, and we provide a choice at every meal, and for every course during the day.

We can cater for all dietary requirements, including special diets, low fat, diabetic, low sodium, gluten free and vegetarian.

# Life at Beech House

In addition to providing the best care at Beech House we also strive to maximize the quality of life of our residents with our activities programme.

As a care team we work hard to ensure that all residents are treated with dignity and enjoy their privacy and independence.

We believe it is important to spend as much time with our residents, and less time with paperwork. But accurate care planning is essential for their well-being and safety. This is why we use the best in digital care planning systems.

Our Activities Co-Ordinator ensures that every week there is a varied programme of events to keep residents fully interested and occupied. The events take place in the home, or the garden and we are also able to go out and about in our own minibus.

In the home we have many visiting entertainers who always get the residents involved singing along, dancing or playing some percussive instrument.

Our days out include boat trips on The Thames from Henley, ten pin bowling at the Hollywood Bowl, the cinema and visiting several garden centres.

We make a point of celebrating everybody's birthday and other major events.

We also have a hair salon in the home where professional stylists come in and residents can be pampered at their leisure.

We would love to show to around our beautiful home, so please contact us to arrange a visit, full details on the back page.

## People Say The Nicest Things

*Activities are arranged on a regular basis to stimulate and give pleasure to the residents and it is possible to follow this on the Facebook page.*
